

Digital Justice in Central and Eastern Europe – Achieving Fairness, Accountability and Transparency

Open to all judges and court personnel
from Central and Eastern Europe

As part of our support for the judges of Central and Eastern Europe, the CEELI Institute offers this short course to provide a concise yet incisive overview of the challenges and solutions that technology can provide for courts. The topics covered in the various modules are central to the current debates on the use of technology and digital solutions in the justice sector in the EU and have relevance beyond the current pandemic.
