

Ladies and gentlemen,

Friends of Judges of the Republic of Poland.

The statutory aims of the Senior Judge's Home Foundation include integration of the judicial community and support for judges and former judges who are in a difficult life situation. In order to realize these goals, we have established an Assistance Fund. The funds gathered are to be used to provide non-returnable financial assistance to judges and former judges in a difficult material and life situation.

The illegal Disciplinary Chamber of the Polish Supreme Court suspended judges for their stand on the rule of law in Poland and reduced their remuneration by up to 50%. This constitutes flagrant violation of the CJEU rulings.

Judge Paweł Juszczyszyn has not been able to adjudicate for over 660 days.

Judge Igor Tuleya has not been able to adjudicate for more than 370 days.

In November 2021 several other judges were suspended from adjudicating solely for the application of CJEU rulings - Judge Maciej Ferek and Judge Piotr Gąciarek.

The Aid Fund provides support for judges who have been suspended from adjudicating for defending the rule of law in Poland.

Payments for this purpose can be made to the Foundation's account created for this purpose:

PL 20 1090 1346 0000 0001 4426 7265

The aid will be provided on the basis of the Rules of the Aid Fund.

As judges and citizens of the Republic of Poland, we would like to ensure that people from our professional community, who involuntarily have found themselves in a situation requiring support, receive the help they need.

We cordially invite you to support the Fund.

Thank you for your generosity.

Management Board of the Senior Citizen's Home Foundation
